

Sanwariya Tour's and Travels

A luxury car rental business across Rajasthan. Trivilo built a 9-page booking site with a live GST-inclusive fare calculator, a wedding convoy booking flow, a Google Apps Script and Sheets backend, and full local SEO across 8 cities — plus Search Console and Google Business Profile setup.

The brief

Sanwariya needed more than a brochure site. Customers ask for exact, GST-inclusive fares before booking, and wedding season brings multi-car convoy bookings that are easy to mess up over WhatsApp alone. The site had to quote accurately, capture bookings reliably, and be findable across the specific Rajasthan cities the business serves.

What was built

- A 9-page site covering the fleet, routes, and individual city pages
- A live, GST-inclusive fare calculator wired to a Google Apps Script backend
- A dedicated wedding convoy booking flow for multi-vehicle bookings
- Local SEO and schema markup across 8 Rajasthan cities
- Google Search Console, sitemap submission, and GA4 tracking
